Funding the dreams of Saskatchewan's High School Graduates

We feel strongly about giving back to local youth who volunteer their time in order to improve their communities. As a 100% Saskatchewan-owned, non-profit co-operative, social responsibility is at the forefront of everything we do.

Our Scholarship Program grants scholarships of \$1,000 to 20 Saskatchewan high school graduates each year. Not only do recipients have strong marks, they show a genuine passion for building their communities. Since launching the program, we've awarded more than \$340,000 in scholarships, helping 1,320 Saskatchewan students go after their dreams. We see every scholarship as an investment in the future of Saskatchewan. Mark our words: These are leaders to watch!

Full details and application forms can be found at www.myaccess.ca/inthecommunity. Submission deadline is **Thursday, April 9, 2020**.

Included in this email is our Scholarship poster, please hang or distribute to graduating students. We thank you for supporting the program and making it a success!

If you have questions about the program, please contact **Beth Drozda at 1-866-211-6334, ext. 5343**. Email scholarship@myaccess.coop.

About Access Communications Co-operative

Access Communications Co-operative is one of Saskatchewan's largest telecommunications companies, but we do so much more than provide reliable, affordable Internet, television, telephone and security services. What makes Access unique is our involvement in the communities we serve, especially through our Access7 community channels.

Access Communications began serving customers in 1978. Over the years, we have grown into a province-wide co-operative serving over 235 communities and 160,000 sq. km of rural areas in Saskatchewan. As a not-for-profit co-operative, we invest 100% of our earnings right back into the communities and rural areas where we live and do business. To learn more about our Co-operative, visit www.myaccess.ca.

Kind regards,

Access Communications Scholarship Program Organizers
