

CAREER SPOTLIGHT PERMISSION FORM

Saskatchewan Polytechnic / Moose Jaw Campus

Civil Engineering Technologies

Including Civil Construction & Water Resource Specialty

Regina District Industry Education Council (RDIEC) represents Regina Public School Division, Regina Catholic School Division, Prairie Valley School Division and File Hills Qu'Appelle Tribal Council. The RDIEC organizes Career Spotlights which provide an opportunity for interested Grade 10-12's to obtain information about a specific career area. The presenters indicate to the students what they do in their jobs, why they got involved in their profession and what they perceive to be the challenges and rewards of their particular occupation. The students are then involved in an activity which demonstrates some aspect of the presenters' work world and/or a tour of the facility. For more information or if you have any questions or concerns, please feel free to contact gordon.heidel@rdiec.ca or 306-537-2960 or visit the website: www.rdiec.ca

For this spotlight students will participate in the Civil Engineering Technologies program at the Saskatchewan Polytechnic campus at Moose Jaw. Students will be given a hands on introduction to concrete and soil testing processes used in civil engineering design projects. In the water lab students will experiment with soil porosity to gain a better understanding of how water moves underground through different soil types. In the soils lab students will participate in a hydrometer analysis of a soil sample. In the concrete testing lab students will determine the strength of concrete by breaking concrete cylinders.

For this spotlight we will accept a maximum of 11 students as they will be transported to Moose Jaw in a 12 passenger van. Please note that your school will allow students to attend this spotlight and the absence will be excused but students are responsible for all material missed in class that day.

Your student has expressed an interest in attending the following career spotlight.

The details of the day:

- 8:45AM - Please arrive at Campus Regina Public High School - 1069 14th Ave. East
- 9:00AM – Students will be transported by van to Moose Jaw
- 10:00AM-2:00PM - Students will participate in the spotlight
- Lunch: Pizza Lunch will be supplied by Saskatchewan Polytechnic – Moose Jaw
- 2:00PM – Students will board bus for Regina
- 3:00PM – Students will arrive back at Campus Regina Public
