

CAREER SPOTLIGHT PERMISSION FORM

Regina District Industry Education Council (RDIEC) represents Regina Public School Division, Regina Catholic School Division, Prairie Valley School Division and File Hills Qu'Appelle Tribal Council. The RDIEC organizes Career Spotlights which provide an opportunity for interested Grade 10-12's to obtain information about a specific career area. The presenters indicate to the students what they do in their jobs, why they got involved in their profession and what they perceive to be the challenges and rewards of their particular occupation. The students are then involved in an activity which demonstrates some aspect of the presenters' work world and/or a tour of the facility. For more information about Career Spotlights, please visit www.RDIEC.ca

This half day spotlight will focus on the career opportunities in **Engineering at Sasktel**. The spotlight will focus on the Engineering Department of SaskTel. The students will learn about the different types of Engineering roles there is at SaskTel. Through presentation and tours students will learn about day-to-day routines, types of skills that work best in that area and they will also hear about career opportunities. Students will meet at Campus Regina Public at 1069 14th Ave. East in Regina and then will be bussed to the University of Regina. Students must arrive 10 minutes prior to the bus leaving. The students' school will allow them to attend and the absence will be excused, but students are responsible for all material missed in class that day. If you have any questions or concerns, please feel free to contact douglas.sthamann@rdiec.ca

~~~~~
